

Behavioral Health provider Donnette Holloway is in schools 3 days a week to offer onsite therapy to students in need.

"The most rewarding part of my job is seeing positive changes in the students I work with. Whether it's better grades, changes in personal appearance, better attendance, improved self-talk, or a decrease in negative self-talk. Fewer disruptive classroom behaviors provide me a sense of pride that my interventions were successful and contributed to each individual student's progress."

15,783 patients received medical, dental, or behavioral health care services at a Vibrant Health Clinic in 2022.

We also provided school-based dental and behavioral health services in Kansas City, KS public schools.

In August, our newest Pharmacy opened at Central Campus for Vibrant Health patients, giving them convenient access to the medicines they need, often at considerable savings.

1/3 of patients don't have insurance. Our sliding fee scale ensures all patients have access to the quality healthcare services they need and deserve, regardless of their ability to pay.

In September, our new Family Medicine Clinic opened at Central Campus. It features 12 exam rooms for providers to see adult patients, including those with chronic medical conditions such as diabetes or high blood pressure.

Your support matters

Everyone is welcome - regardless of race or ethnicity, spoken language, gender identity or sexual orientation, income, immigration or insurance status.

70% of patients are younger than 17 years

Hi!
嗨
Hola!

Dear Friends,

These are just a few highlights from 2022, which was yet another extraordinary year for our patients and our staff. I'm so proud that Vibrant Health has not wavered in delivering life-changing services to patients who depend on us to meet their needs. But we could not have done it without you, our community of supporters. Thanks to your tremendous compassion, many of our patients will look forward to a healthier future. I invite you to visit our website and follow us on Facebook, Instagram, and LinkedIn to see more ways your support has made a difference.

In gratitude,

Patrick Sallee
President & CEO, Vibrant Health
